How Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. Adv.

Miss Rose Riley of Kansas City arrived Friday for a few days' visit here with her home-folks.

Are You Happy.

To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effectual easy and pleasant to take. Adv.

REFUSE TO LISTEN TO GERMAN SERMON

Legion Attends Evangelical Church—March Out When Preaching Commences in German.

From the Higginsville Jeffersonian.

In an effort to create public sentiment against preaching in the German language at the Salem Evangelical church the local post of the American Legion attended the services as a body Sunday morning but left soon after the opening when Rev. G. H. Freund spoke in German. The men marched to the Presbyterian church to hear Chaplain Sellers of the Wentworth Military Academy at Lexington, who was here for the morning service. There was no disorder at the church and after the men had left services went on. Some of the members present also left with the Legion.

At a special meeting of the Legion last Thursday night Rev. Freund and some of his board were present to discuss the language question but no satisfaction was received.

The other churches in town which formerly had German services and were generally known as "German" churches have agreed to preach only in the English language. The First Baptist church, of which Rev. F. J. Monschke is pastor has had no services in German since his arrival. The M. E. church with Rev. H. J. Asling as pastor and the Lutheran with Rev. W. O. Schmidt as pastor have had some preaching in this language but these ministers have agreed to preach only in English from now on, said E. P. Vermillion, commander of the Post.

In a further effort to create sentiment along this line the Legion has asked the school board and graduates not to hold the graduating exercises in the Evangelical church, which has been the custom in years past, and we understand that the services will not be held there.

Lieut. Wallace Ashurst of the Fifth Marines, arrived in New York Wednesday of last week, after three years' service in France. He will arrive in Lexington about June 1st.

C. C. Knipe of Albany, Mo., arrived Tuesday night to join his wife and little son, who are visiting relatives in this city.

The Right Way

The right way to judge a good beverage is to try it and not take somebody's word as to whether it is good or bad. Perhaps you have been drinking a certain brand of beverage for a long time and feel satisfied. That is wrong. How will you know that a better beverage is made unless you try it. Make a change and drink OLD PAL, you will see the difference. OLD PAL touches the right spot every time and not only quenches the thirst but is an invigorator and bracer.
